Prices range  
from:

**\$3-5**  
/per bottle

## Labeling:

What we aim for (so it's easy for you!):

- Solid foil, so colors and patterns on the label don't clash!
- A skinnier bottle with tall shoulders so the process is much easier, and any label bubbling or difficulty stretching is out of the question!

— Solid Foil

— Tall shoulders  
and skinny  
bottle

## How to choose a size:

Print our bottle labeling and sizing guide  
in the Tips and Tutorials section of our site.  
Cut out your favorite sizes and test them out!

## Colors:

With every bottle label under "choose options," is our swatch list. You can pick your favorite color there so you ensure that the label doesn't clash.

Keeping you sweet and sane for all of your celebrations and more!
